Managerial information integrated software
with cooperation of Parsys

PREPRESS

Heidelberg SupraSetter with six module
SupraSetter 105 MCL / On-line

On automatic basis with six module
With ability of different types of compressing and 4/5
sheet SupraSetter output and connected to prinect
print control system of Heidelberg company.

4-color 4/5 sheet offset print device
Heidelberg CD 102-4 + L

Print on different types of paper and cardboard
With water base cover
Size: 102×72
Speed: 14000 sheet per hour

CD - OFFSET PRESS

CX - OFFSETPRESS

7-color 4/5 sheet print device
Heidelberg CX 102-7 + LX3

Print on different types of paper, cardboard, plastic, and metalize
With water base, UV, and hybrid cover
Size: 102×72
Speed: 17000 sheet per hour

MATRIX UV

UV Matrix device
Mavericks

With UVnizing different types of cardboard
Simple, matrix, flat, and local
Size: 102×72
Speed: 5000 sheet per hour

LAMINATE

Cellophane laminate device
SFM 1000

With matte and glossy cellophane laminate
With width up to 100
Speed 3000 sheet per hour

SHEETER

Roll opener
FCT-145

Cutting paper and cardboard roll on latitudinal
and longitudinal basis with 0.5 mm precise
Up to width of 145
Speed 5000 sheet per hour

SINGLE FACER

Single facer device
M.J Machine

Flute E
Up to width of 180 cm
Speed 50m per minute

LITHO LAMINATE

Laminate fully automatic device
Ming Wei SP/1450

Laminate semi-automatic device
Bison LSPE1600

Cardboard laminate on different types of sheets
Sizer 140×100
Speed 6000 sheet per hour

DIECUT

Eterna PE 1620 SAL - Extra
With blade, semi-blade, and perforage

Highlighting, automatic straw keeper and fold line
Size 120×162
Speed 4000 sheet per hour

FOLDER GLUER

Folder gluer device
Manual Folder Gluer , Valli Folder Gluer
Manual and automatic

Up to width of 105
Speed 15000 folder per hour

PALLET WRAPPING

Pallet wrapping equipment for sending final product with no damage

LOGISTIC

FACTORY

Packaging is the edge of product competition, create motivation for the buyer, especially for a new product, depend on quality and packaging visual impact more than other things. creating distinguish is the first step.

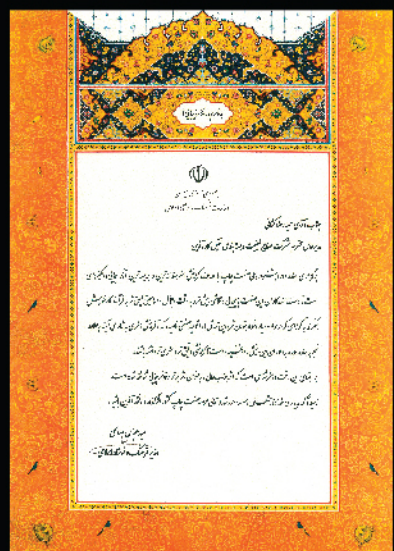

BCT TESTER

Folder strength test to improve layout of final product

OUR CUSTOMERS

OUR HONORS

Experience and innovation

Experienced leaders do not only perform works, but they do them in a different manner, and this means innovation.
